There are many benefits to using flashcards for GRE preparation. Some of these benefits include:

- **Flashcards are portable.** You can take them with you wherever you go, so you can study at your own convenience.
- **Flashcards are easy to use.** Simply write the word on one side of the card and the definition on the other side.
- **Flashcards are effective.** Studies have shown that flashcards are an effective way to learn new material.
- **Flashcards are affordable.** You can make your own flashcards for free, or you can purchase pre-made flashcards online.

There are several different ways to use flashcards. One common method is the Leitner system. The Leitner system involves dividing your flashcards into four different piles:

- **Pile 1:** Cards that you know well
- **Pile 2:** Cards that you are somewhat familiar with
- **Pile 3:** Cards that you are not familiar with
- **Pile 4:** Cards that you have not seen before

The goal is to move cards from Pile 4 to Pile 1. To do this, you will need to review your flashcards regularly. Start by reviewing the cards in Pile 4. If

you know the meaning of a word, move it to Pile 1. If you do not know the meaning of a word, move it to Pile 3.

Once you have reviewed all of the cards in Pile 4, move on to the cards in Pile 3. Review these cards in the same way, moving the cards that you know to Pile 1 and the cards that you do not know to Pile 2.

Continue this process until you have reviewed all of the cards in all four piles. Once you have completed one cycle, start over again with the cards in Pile 4.
